WORK EXPERIENCE

- **AI Intern** — **London, United Kingdon (Remote)**
  Polishpad   July 2024 - August 2024
  - Delivered a customer support chatbot for their website using HTML, Tailwind CSS, React JS, and Botpress.
  - Polishpad connects clients with tailored nail services, and is among the top 100 UK startups in 2024.

- **Technology Analyst Intern** — **Ahmedabad, India (Remote)**
  NoQs   May 2023 - July 2023
  - As a Frontend Developer at NoQs Digital, I worked extensively with React JS and Tailwind CSS to build and enhance user interfaces that are both visually appealing and highly functional.

PROJECTS

- **Sukoon - A mental Wellness Platform** (Live Link)(GitHub Link):
  - Collaboratively built Sukoon, a mental wellness platform, in a team of 5 members using **ReactJS, Tailwind CSS, Gemini API, Hume AI API, and Node.js.**
  - I served as a frontend developer, AI developer, and project manager. The platform stands out with 5 unique features: an AI-based dream analyzer, an AI virtual therapist with an empathetic voice, a blog section, digital detoxification, and a dedicated section for the mental wellness of students. It was tested by over **100+ users** from different age groups and received positive feedback.

- **EchoSummarize** (Live Link)(GitHub Link):
  - Built a user-friendly **audio summarization web app** with **Streamlit** and **Google's LLM-powered Gemini API**, where users upload audio, and get concise text summaries. It has a response time of less than 10 seconds.

- **Stamprino** (Live Link)(GitHub Link):
  - Developed a platform with features like 3D stamp visualization, a creative stamp generator, buy/sell stamps, and an engaging community forum. I worked as a frontend developer on this project.
